

# COOLING TECHNOLOGY INSTITUTE

P. O. Box 681807, Houston, Texas 77268 • 3845 Cypress Creek Parkway, Ste 420, Houston, Texas 77068  
Phone: 281.583.4087 • Fax: 281.537.1721 • email: vmanser@cti.org • http://www.cti.org

**Industrial Mexicana, S.A. de C.V.**  
**Series 1000 CTI Certified Open, Cross-flow, Induced-draft, Cooling Towers**  
**CTI Certification Validation Number C60A-15R00**  
**October 15, 2015 (Revision 0)**

## Footnotes:

1. Multiple cell configurations of the single cell models above are also available but not listed individually. Multi-cell configurations are end-wall to end-wall arrangements of the single cell designs which do not impact the air flow rate or capacity of the individual cells, and are included in the certification. See example model number below.
2. Certification includes galvanized steel plate or stainless steel plate structure materials or epoxy coated galvanized plate and PVC or glass fiber reinforced casing materials. Basin may be coated with fiberglass as an additional corrosion prevention.
3. Certification includes optional items that do not affect thermal performance, for example, access ladder and handrails, catwalks, internal walkways, vibration control switches, electronic water level control, control panel and metallic structural support bases.
4. Certified Model Number Example: ODX-1000-0340-X-H-2  
ODX-1000 – Line Designation  
0340 – Unit Model Number  
X – Indicates Double Cross-flow  
H – High Efficiency (GPM / Fan HP) Group. Units designated S are Standard Efficiency Group.  
-2 – Two cell arrangement of the primary certified model (capacity equals 2 times rated capacity)
