## Footnotes:

1. Multiple cell configurations of the single cell models above are also available but not listed individually. Multi-cell configurations are end-wall to end-wall arrangements of the single cell designs which do not impact the air flow rate or capacity of the individual cells, and are included in the certification.
2. Certification includes optional items that do not affect thermal performance, for example, access ladder and handrails.
3. Suffix 'X' is affixed to model numbers of units that are not CTI Certified, due either to application or customer-required product accessories or modifications.

Certified Model Number Example: HKB-121825M-OF-02

- HKB – Line Designation
- 121825 – Model Number
- M – Fan Power Designation
- OF – Offset Fan Arrangement
- -02 – Two cell arrangement of the primary certified model (capacity equals 2 times rated capacity)

Note: One Cell: HKB-121825M-OF, Two Cell: HKB-121825M-OF-02, Three Cell: HKB-121825M-OF-03, etc.
